Performance-Check for GEH[®]-Systems

GEH Wasserchemie is providing its customers with high performance adsorbent materials since 20 years. Our products are successfully used in a wide range of application. We would like to return this experience to our customers in form of the free GEH[®] Performance-Check for your GEH[®]-System.

- ✓ Optimisation of treatment capacity
- ✓ Increase of reliability of operation
- ✓ Reduction of operating costs

Source of solutions.

GEH® Performance-Check Process

STEP 1: Enquiry

In order to request your free performance check for your GEH®-System, please contact us at: info@geh-wasserchemie.com

STEP 2: Making visit appointments

One of our GEH®-experts will contact you in order to agree on the following steps.

STEP 3: Preparation

We will ask you to provide us with the relevant performance data of your GEH®-System.

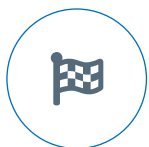

STEP 4: Visit

Our GEH®-expert will visit you to examine your system directly on-site.

STEP 5: Data analysis

We examine the system configuration, evaluate the performance of your system and compare the values with best-case projects.

STEP 6: Completion

You receive a comprehensive report detailing the performance of your GEH®-System including concrete recommendations on how to optimise its performance.

STEP 7: Optimisation

Our expert monitors the implementation and effectiveness of the improvement measures.

Ask now for a free Performance-Check of your GEH®-System!
